HelpMeHelpYou Release Plan - CMPS 115

High level goals:

Be able to have a

- profile that contains basic information about the user
- responsive and interactive pool of resources
- Photo upload for resources
- Friend system
- Commenting system

Sprint 1:

- Welcome Page (2)
 - As a user, I want to see the welcome page, so that I understand the application.
- Sign Up Page (3)
 - As a user, I want to be able to sign up for an account, so that all my information is organized in one place.
 - As a user, I want to be able to interact with application by logging in, so that my information can get updated.
- User Profile(2)
 - As a user I want a profile so that I can tell other users more about me.
- View other people's resources (3)
 - As a user, I want to see what resources other profiles can provide me.
- Add, Delete, and Edit resources (8)
 - As a user, I want to be able to update my own resources, so I can better communicate my needs.

Sprint 2:

- User Profile (2)
 - As a user, I want people to know more about me and my needs, so I want a profile that tells other users more about me.
- Track Resources (8)

- As a user, I want to display what resources I can provide.
- As a user, I want to be able to see other's resources.
- Messaging System (8)
 - As a user, I want to communicate and connect with other profiles.

Sprint 3:

- Messaging System (8)
 - As a user, I want to be able to contact and have conversation with other users within the website.
- Search (8)
 - As a user, I want others to be able to find my resources and I want to be able to find people's resources.
- Categories (8)
 - As a user, I want to be able to find resources that I need in form of categories.

Sprint 4:

- Location Tracking (8)
 - As a user, I want to be able to see resources from people near me.
- Friend System and Groups (13)
 - As a user, I want to be able to have easy access to resources from people I know.
 - As a user, I want to be able to share any resources with a group of people I know.
- Photo Upload (5)
 - As a user, I want to be able to see visuals of the resources so that I know what resources are being offered.
- Commenting System (5)
 - As a user, I want to be able to comment on resources I am interested in.

Backlog:

- Improved UI
- Location Tracking
- Friend system
- Messaging System
