

Sprint #3 Report

HelpMeHelpYou

11/18/18

Actions to stop doing:

- Our team is satisfied with our current progress
 - We all communicate well with each other and attend meeting
 - Our meetings is concise and productive
 - We are able to make good progress between each meeting
 - We are able to clearly discuss what need to be done by the next meeting

Actions to start doing:

- The team should start combining individual pieces of the website to create a working prototype.
 - Without putting the individual parts together, it is hard to know about errors that may occur during this process. Despite working individually, there may be issues when having everything work together.
- The team should start finishing up any remaining tasks.
 - This will allow a little bit of time for polishing parts of the website to ensure the best consumer experience.
- The team should organize group work time.
 - This will allow for increased understanding of the work and how they connect.

Actions to keep doing:

- The team should continue starting and ending meetings on time.
 - This allows for the best scrum meeting experience most optimality within the team.
- The team should continue getting tasks and other work done by deadlines.
 - This produces the best for work as there is enough time to work on other pieces of the product, allowing for the best product to be made.

Work completed/not completed:

Work completed:

- As a user, I want others to be able to find my resources and I want to be able to find people's resources.
- As a user, I want to be able to find resources that I need in form of categories.

- As a user, I want to be able to contact and have conversation with other users within the website.

Work completion rate:
